 Standard Working (08:00 - 18:00) Monday to Friday, (08:00 - 13:00) Saturday
 Extended Working (08:00 - 22:00) Monday to Friday, (08:00 - 13:00) Saturday

Working Hours	Standard	Extended
Monday – Friday	08:00 – 18:00	Until 22:00
Saturday	08:00 – 13:00	Until 17:00

1 hour allowed before & after for mobilisation

Traffic Movement

Vehicle Holding Area – Bestwood Street

CVB will use part of the bus lane on Bestwood Street as a vehicle holding area to manage deliveries to the site more efficiently.

Vehicles will be registered on arrival, checked for safety compliance and then leave for site as soon as is reasonably practical.

Duration:

From May 2018 to December 2021

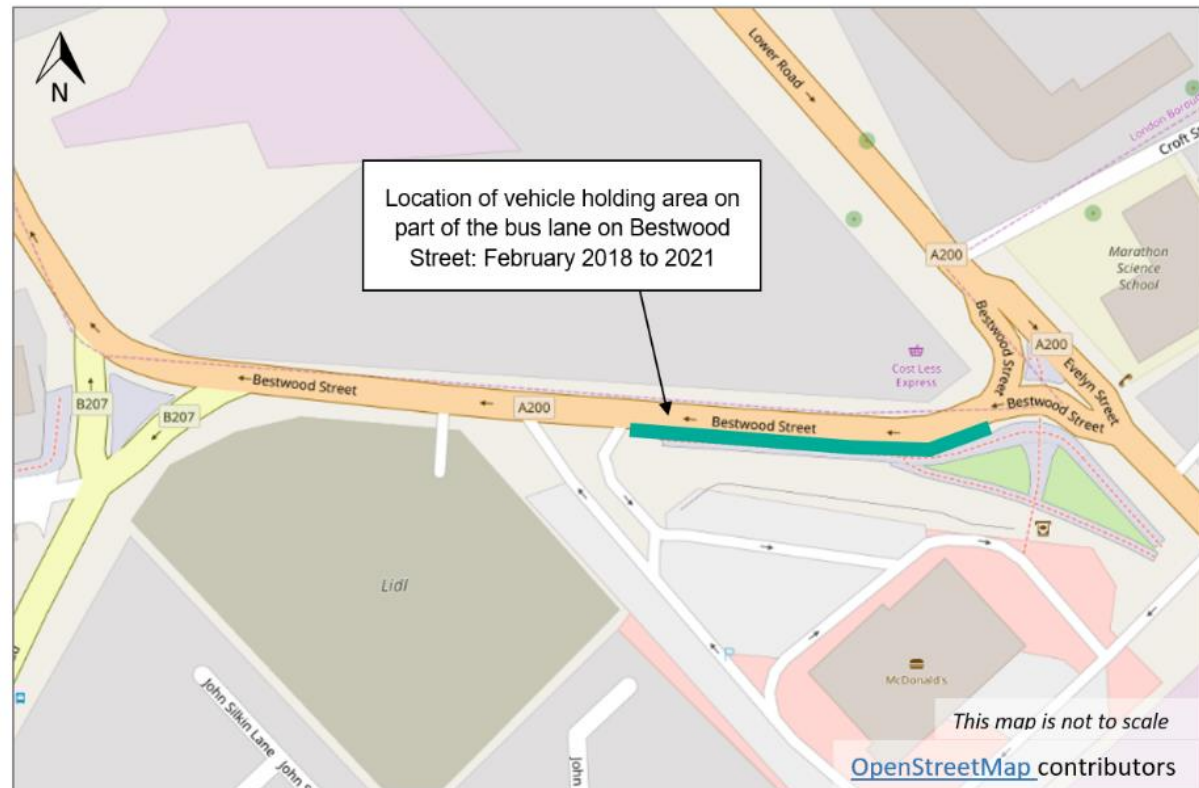

Working hours:

Monday to Friday, 07:00 – 18:00

Saturday, 07:00 - 13:00

What we will do:

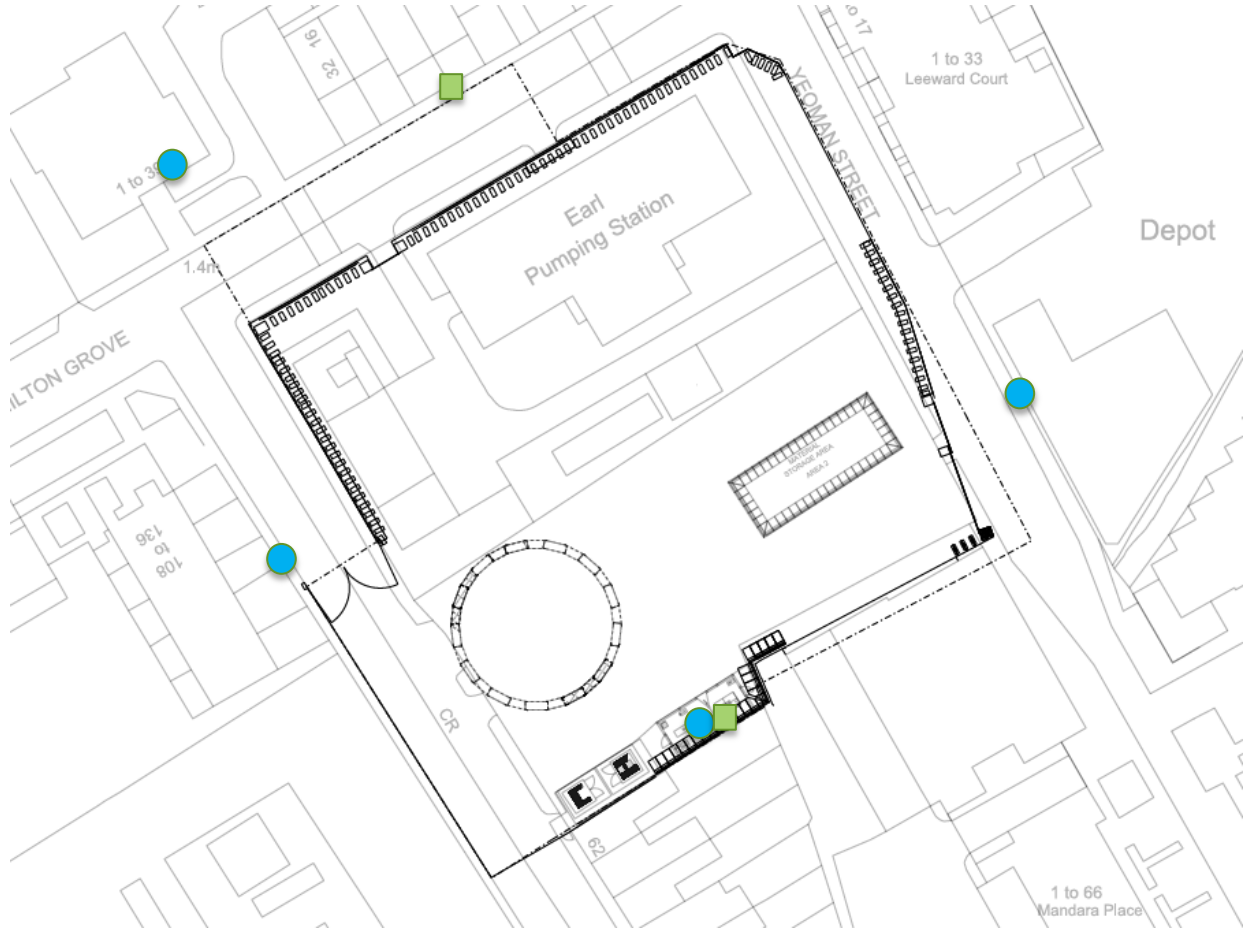

- Schedule all vehicle movements
- Ensure no vehicle engine idling within the holding area

Environment

Noise and Air Quality

no exceedances

- Noise Monitor
- Air Quality Monitor

Month	Noise	Air Quality
	S61 Exceedances	24h PM ₁₀ Exceedance
Jan-18	0	0
Feb-18	0	0
Mar-18	0	0
Apr-18	0	0

Odour Management

When excavating, odour from ground conditions may become more noticeable

To minimise this, odour will be managed in the following ways:

- **Odorous excavated material will be covered and removed from site as soon as possible**
- **Site personnel trained to identify and deal effectively with odour sources**
- **Daily assessments completed at site boundary to confirm control measures working**
- **‘Misting’ system in operation to de-odourise or mask odour when necessary**

Legacy

From April 2017 to March 2018 Tideway East raised:

£5,020.50

INVITATION

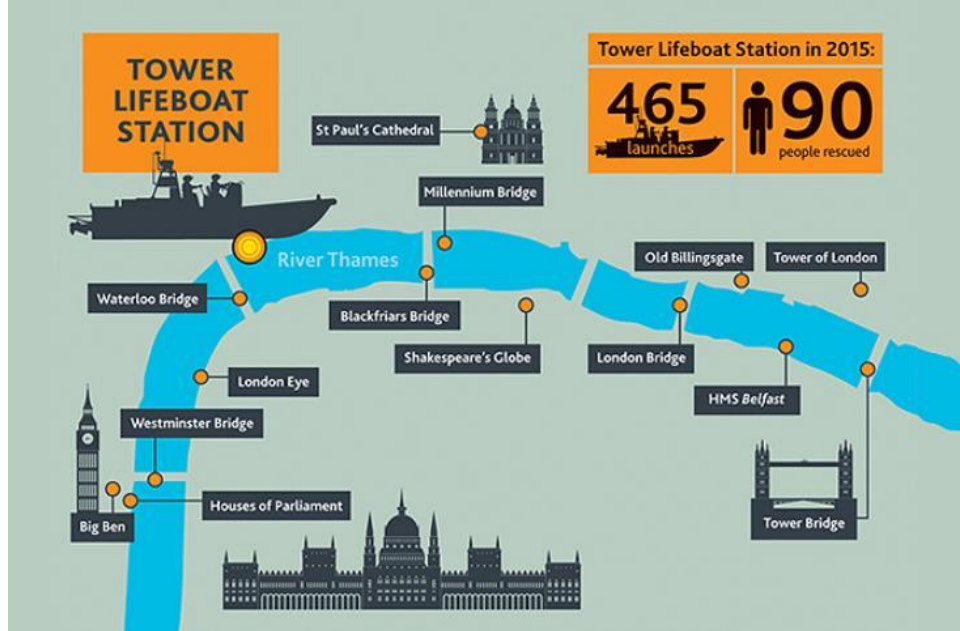

MEMBERS of the CLWG are invited;

to visit the RNLI station at Tower, with Tideway to hear about the good work the RNLI are doing and how they recently spent our charity donation

Please email;

CommunityRelations@Tideway-East.london

if you would like to attend

Fundraising in aid of the RNLI

Legacy & Community

We hosted an Apprenticeship Information Day which was advertised through all our local East boroughs

In partnership with The Ecology Consultancy we invited students for National Science Week

Supported the National Junior Indoor Rowing Championship with our Breaking Barriers students

Considerate Constructors Scheme

CVB were awarded a Silver Considerate Constructors Scheme annual award last month.

These awards recognise construction projects that have demonstrated high levels of consideration in respect of the community, environment and workforce.

Taster into Construction

- The 999 Club in Deptford supports those at risk of homelessness
- We recently finished providing the 2nd 'Taster into Construction' course to assist their chances of employment
- With the support of the centre, we also recently planted a number of trees with Trees for Cities

Thames 21

Tideway East Thames Foreshore Hub

Staff charity: RNLI

2017

65 volunteers gave 288 hours

**202 plastic water bottles
437 other plastic bottles
80 bags of rubbish**

Recruitment

- ❑ 42 local people have started working with us
- ❑ 34% of new starters were previously workless
- ❑ 5 ex-offenders
- ❑ 14 apprentices of which 13 are from local Tideway East boroughs and 5 are female
- ❑ One female apprentice from Greenwich started this month
- ❑ Female apprentice is now a fulltime Document Controller following qualification completion

Contact jobs@buildlondon.org for more information on job opportunities

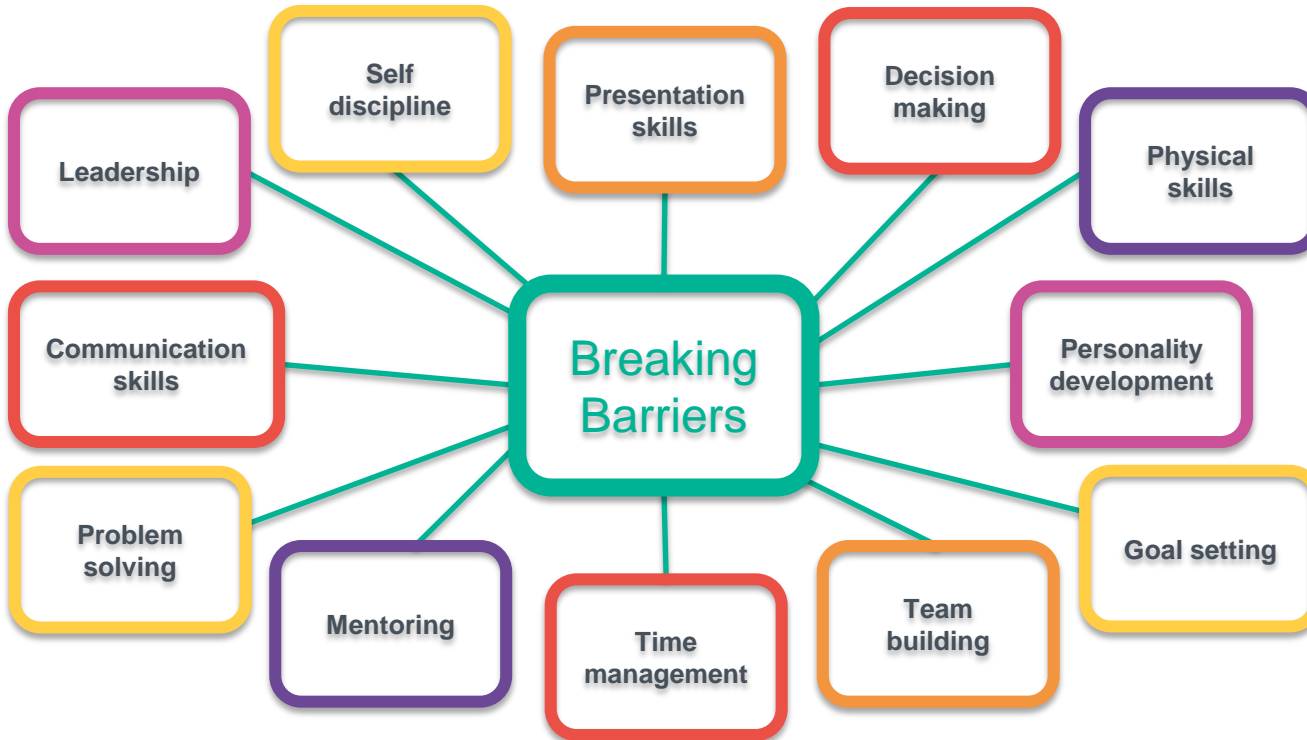

Apprenticeship recruitment 2018

Higher Civil Engineer
Business Administration
Laboratory Technician
Quality
Digital Engineer

Breaking Barriers

- ❑ 12-week programme led by staff volunteers in partnership with London Youth Rowing
- ❑ 15 students from St Michaels School and Walworth Academy
- ❑ Soft skills and mentoring combined with rowing
- ❑ Aimed at students who do not necessarily receive as much attention as their most or least academic peers

Tideway

Thanks for attending
Any questions?

THANK YOU

21 May 2018**

Croft Street - road closure

- Part closure since November 2017
- Closed to undertake underground utility diversion works
- Extended for further **12 months** because of design issues on the sewer diversion. Therefore the sewer diversion has been postponed to after the Diaphragm wall works.
