Item 1	Notes for the record
Applicant Reference	The Panel had previously considered information pack 2350-TDWAY-TTTUN-990-ZZ-ZZ-732950 at the ICP meeting on 23 March 2021 and had a number of information requirements that the Panel needed to be addressed by JC prior to making a decision.
Relevant Tideway site	Heathwall Pumping Station and Kirtling Street
Decision	COMPENSATION AWARD AGREED
Details of the award	The Panel reviewed the information pack provided on 23 March 2021 and made an award in the amount proposed, covering a maximum period of up to 12 months. The award will be payable from the date when evidence was provided to FLO, i.e. 13 February 2021, subject to noise levels triggering payment. <u>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</u> <u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u>
Further information required/actions arising	None

Information/action requested from Tideway	None

Item 2	Notes for the record
Applicant Reference	The Panel considered information pack 2350-TIDWAY-TTTUN-990-ZZ-ZZ-733029
Relevant Tideway site	Putney Embankment Foreshore
Decision	COMPENSATION AWARD AGREED
Details of the award	<p>The ICP has reviewed the latest report by the claimant's forensic accountants for the period October to December 2020.</p> <p>The ICP accepts the methodology adopted, which reflects the effects of Coronavirus and makes an award in the proposed amount for the relevant period. This is an interim award pending the availability of audited accounts.</p> <p><u>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</u></p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>
Further information required/actions arising	None
Information/action requested from Tideway	None

Item 3	Notes for the record
Applicant Reference	The Panel considered information pack 2350-TIDWAY-TTTUN-990-ZZ-ZZ-733088
Relevant Tideway site	Hammersmith Pumping Station
Decision	DEFERRED
Details of the award	<p>The claimant and his partner carry out a large majority of their work from home and are concerned about how noise from the upcoming works will affect their ability to concentrate and work.</p> <p>They are requesting one or two air conditioning units. They say that alternative office space may be useful.</p> <p>The latest site update received 22nd March 2021 included minutes from a CLWG meeting on the 16th of February 2021 and a presentation from that meeting. These indicate that the TT site near the claimant's apartment is to be handed to St George at the end of July 2021.</p> <p>The construction programme for the next four months indicates:</p> <ul style="list-style-type: none"> • Drop shaft remaining works including cover and backfill will be ongoing. • Existing inlet channel and roof works will be ongoing.

	<ul style="list-style-type: none"> • Culvert and de-aeration chambers construction will be complete at the end of May. • Site-wide underground and electrical services will be ongoing. • Interception chamber concrete works will be complete by the end of April. <p>In addition to the above, the residents have been informed of noisy activities in May, June and July 2021 as the site is dismantled and that these works may cause significant disturbance.</p> <p>The Panel understand that an updated s61 will be available for review shortly and the Panel wish to review the predicted noise levels prior to determining this claim. Accordingly, the Panel decision is deferred.</p> <p><u>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</u></p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>
Further information required/actions arising	None
Information/action requested from Tideway	Copy of s61 when approved by the Council

Item 4	Notes for the record
Applicant Reference	The Panel considered information pack 2350-TIDWAY-TTTUN-990-ZZ-ZZ-733086
Relevant Tideway site	Hammersmith Pumping Station
Decision	DEFERRED
Details of the award	<p>At the ICP meeting on 6 May 2020, the claimant was awarded noise cancelling headphones.</p> <p>Based on the information provided through Tideway that May to July this year may result in some noisy works taking place at the site, the claimant has made a request for a portable air conditioning unit so that he will be able to keep all doors and windows closed during this period of time to enable him to work from home. No medical evidence was provided.</p> <p>The latest site update received 22nd March 2021 included minutes from a CLWG meeting on the 16th of February 2021 and a presentation from that meeting. These indicate that the TT site near the claimant's apartment is to be handed to St George at the end of July 2021.</p> <p>The construction programme for the next four months indicates:</p> <ul style="list-style-type: none"> • Drop shaft remaining works including cover and backfill will be ongoing. • Existing inlet channel and roof works will be ongoing. • Culvert and de-aeration chambers construction will be complete at the end of May.

Item 5	Notes for the record
Applicant Reference	The Panel considered information pack 2350-TIDWAY-TTTUN-990-ZZ-ZZ-733089
Relevant Tideway site	Hammersmith Pumping Station
Decision	DEFERRED
Details of the award	<p>The claimant and his wife are both concerned about the upcoming works as they will both be continuing to work from home and have requested office space for both of them for the months of May, June and July to mitigate against this potential disturbance which has been identified by Tideway. No medical evidence was provided.</p> <p>The latest site update received on the 22nd March 2021 included minutes from a CLWG meeting on the 16th of February 2021 and a presentation from that meeting. These indicate that the TT site near the claimant's apartment is to be handed to St George at the end of July 2021.</p> <p>The construction programme for the next four months indicates:</p> <ul style="list-style-type: none"> Drop shaft remaining works including cover and backfill will be ongoing. Item 6	Notes for the record
Applicant Reference	The Panel considered information pack 2350-TIDWAY-TTTUN-990-ZZ-ZZ-733087 and an audio recording
Relevant Tideway site	Kirtling Street
Decision	AWARDED
Details of the award	<p>The claimant provided medical information. She is working from home and will continue to do so indefinitely. Although noise from the site has not previously bothered her before, she now finds zoom calls difficult with the banging and rumbling from the site.</p> <p>The Panel reviewed a recording of construction noise which was provided by the claimant and also visited the site area on the 15th April 2021 to further understand the nature of construction noise in the area.</p> <p>The Panel is aware that there will be some noisy activity occasionally in the area although it is the Panel's consideration that, to a greater extent, the claimant is and will experience construction noise from development work on the south side of Nine Elms Lane rather than from the Tideway site.</p> <p>The Panel has decided however that, on a very precautionary basis, it makes an award of one set of noise cancelling headphones to a maximum cost of £100.</p> <p><u>All awards are subject to Tideway's Guidelines for Implementation of ICP decisions.</u></p> <p><u>https://www.tideway.london/media/4138/guidelines-for-implementation-of-icp-decisions_feb-2020.pdf</u></p>
