KING GEORGE'S PARK – MEET THE TEAM, SATURDAY 4 SEPTEMBER

As we continue our work at our King George's Park site to deliver London's new super sewer, we want to update you about our progress.

Please see our update below and come along to chat to a member of the team at our park drop-in:

- Saturday 4 September 2021
- Between 10am and 2pm
- Gazebo next to Buckhold Road entrance (see map for location)

SITE PROGRESS

Underground works

Tunnel Boring Machine Charlotte completed her journey to construct the Frogmore connection tunnel from King George's Park to our Carnwath Road Riverside site in Fulham last year and the team have installed a secondary lining of concrete in the tunnel. The team are now carrying out some further work inside the tunnel and plan to remove the main crane on site later this year.

KEY INFO

Meet the team

- Saturday 4 September 2021
- Between 10am and 2pm
- Gazebo next to Buckhold Road entrance (see map for location)

Balfour Beatty

Surface works

Above ground we are currently working on the architecture and landscaping.

The kiosk that will house the mechanical and electrical control room is taking shape and the ventilation column has recently been installed.

These structures will feature specially commissioned artworks by the artists Yemi Awosile and Dorothea Smartt.

KEY INFO

Working hours - with a 1-hour mobilisation period before and after these times:

- Monday to Friday: 8am – 6pm
- Saturday: 8am – 12 midday

Additionally, we have maintenance periods on the weekend:

- Saturday: 1pm – 5pm and Sunday: 10am – 4pm
