Strategic report

The Directors present their Strategic report for Bazalgette Finance plc for the year ended 31 March 2023.

Business review

Bazalgette Finance plc (“the Company”) operates for the sole purpose of raising finance through a multi-currency bond platform on behalf of the Company's sister company, Bazalgette Tunnel Limited, for the purposes of Bazalgette Tunnel Limited's licenced activities as the infrastructure provider for the design, construction, operation and maintenance of the Thames Tideway Tunnel (“TTT”).

The Company is a wholly owned subsidiary of Bazalgette Holdings Limited. As at the 31 March 2023, the Bazalgette Holdings Group (“the Group”) comprised the Company, Bazalgette Tunnel Limited and Bazalgette Holdings Limited.

The proceeds from bonds issued under the multi-currency bond platform are on-lent to Bazalgette Tunnel Limited through a series of back to back loans which have the same economic terms and effectively pass the financing arrangements of the external debt held by the Company to Bazalgette Tunnel Limited.

Some of the bonds issued by the Company are in a deferred format which means that the proceeds from the bond are not received from the bond purchaser until a future settlement date so as to align when funds are raised with the construction expenditure profile of the TTT project. The remaining deferred purchase bonds were received in May 2023 with maturities of 2049.

The financing is innovative in applying the deferred purchase structure to a regulated utility company in the sterling market. This structure enables the Group to de-risk its finance plan and secure attractive borrowing terms, by locking in committed debt funding at current market rates and managing negative carry costs associated with pre-funding.

At 31 March 2023, the overall total of bonds issued by the Company to date totalled £1.8bn (2022:£1.8bn). As at the 31 March 2023, a total of £1,775.0m of bond proceeds had been settled by bond purchasers (2022: £1,491.8m).

At 31 March 2023, the Company's deferred ‘Green Bond’ issuances stands at £50.0m (2022: £325.0m) with a drawdown of nominal £275m during the course of the year. All eleven green bonds issued to date are listed on the London Stock Exchange Green segment. Green bonds are debt instruments whose proceeds are used to fund projects with environmental benefits, such as the Thames Tideway Tunnel. The Green Bond Framework, which is aligned with the International Capital Markets Association (ICMA) Green Bond Principles, the Loan Market Association Green Loan Principles, as well as with the Loan Market Association Sustainability Linked Loan Principles, was published in 2017/18 and is available to view at www.tideway.london. We have aligned our legacy commitments to the UN Sustainable Development Goals (SDG). Fees and costs associated with the issue of the bonds were borne by Bazalgette Tunnel Limited.

As the Company acts solely for the purpose of raising finance for Bazalgette Tunnel Limited, for the purpose of its activities as infrastructure provider for the Thames Tideway Tunnel, further information on the performance of the Thames Tideway Tunnel project (“the Project”) can be found in the Bazalgette Tunnel Limited Annual Report (available at www.tideway.london). This includes information on development, performance and position and the impact of activities in the areas of environmental matters, employees of the Group, social matters, respect for human rights, anti-corruption and anti-bribery.

Results and performance

The Company has recorded a £0.5m loss for the year ended 31 March 2023 (2022: £0.1m loss). The Company's net liabilities were £0.9m (2022: £0.4m).

Principal risks and uncertainties

The Company acts with the sole purpose of raising finance under a multi-currency bond programme and then on-lends the proceeds to Bazalgette Tunnel Limited. The execution of this strategy exposes the Company to a number of risks, the principal risks being credit risk, liquidity risk and inflation risk.

Strategic report (continued)

Credit risk

Credit risk exists in relation to the Company's financing activities. The Company has entered into a number of agreements with Deferred Bond Purchasers, under which there are long deferral periods for the purchase dates. The Company is therefore exposed to the credit risk of such counterparties on whom it relies to provide funds on the pre-agreed dates. The Company evaluates counterparty risk prior to entering into such transactions and manages concentration risk in respect of deferred funding commitments. As part of its risk management, the Company has agreed information requirements and covenants with the Deferred Bond Purchasers, and the Company monitors on an ongoing basis the Deferred Bond Purchasers' ability to honour their obligations, allowing it to assess any potential liquidity exposure in advance of settlement dates, and to make alternative funding arrangements if necessary.

Liquidity risk

As part of its financing arrangements to on-lend the proceeds of the deferred bonds, the Company has entered into back to back loans with Bazalgette Tunnel Limited. The Company's obligations to repay principal and interest on its borrowings are intended to be met primarily from the payment of principal and interest by Bazalgette Tunnel Limited under these loans. The Company therefore has liquidity risk with regards to not being able to service the debt commitments to the Bond Purchasers should Bazalgette Tunnel Limited fail to honour its obligations under the loans. The Company has limited capitalisation and is therefore reliant on the support of the Group to meet any liabilities as they fall due. The risk is partially mitigated by the Company's requirement to hold sufficient liquidity to cover its financial obligations for a 12-month period into a designated debt service reserve account.

Inflation risk

The finance costs of the Company's index-linked debt instruments vary with changes in RPI (Retail Price Index) and CPI (Consumer Price Index) rather than interest rates. The principal aim of funding under index-linked rates is to appropriately address the economic risks in Bazalgette Tunnel Limited, whose Regulatory Capital Value (RCV) and revenues are exposed to RPI fluctuations. The Group's financing strategy has involved issuing RPI and CPI linked debt to ensure that reductions in revenue due to low inflation will be partially offset by reductions in interest costs.

The Company continues to recognise the expected transition from RPI to CPIH from the next regulatory period starting in 2030 as the underlying measure of inflation for price control periods. It also understands the risk that CPI could diverge from RPI in a way that the correlation between RCV and nominal debt weakens. As a result, the Company continues to issue long date index-linked bonds in both formats.

Inflation risk is monitored and reported monthly to the Executive Funding and Financing Committee and subsequently to the Group's Audit and Finance Committee. Given the proceeds from bonds are on-lent to Bazalgette Tunnel Limited through a series of back to back loans which have the same economic terms this effectively pass on the associated inflation risk of the debt held by the Company to Bazalgette Tunnel Limited.

Economic risk

During the year the Company has continued to meet its debt obligations with third parties. The impact of the current high inflationary environment is not expected to significantly impact the ability to access and raise debt finance or meet debt obligations in the future, please see Bazalgette Tunnel Limited Annual Report for further details.

Future outlook

The Company is expected to continue to act on behalf of the Company's sister company Bazalgette Tunnel Limited for the purpose of providing finance.

Strategic report (continued)

Section 172(1) Statement

The Directors have assessed the financial position of the Company, its cash flows, liquidity position and borrowing. Section 172 of the Companies Act 2006 requires a Director of a company to act in the way they consider, in good faith, would be the most likely to promote the success of the company for the benefit of its members as a whole. In doing this Section 172, requires a Director to have regards among other matters to:

- the likely consequences of any decision in the long-term;
- the interests of the company's employees;
- the need to foster the company's business relationships with suppliers, customers and others;
- the impact of the company's operations on the community and the environment;
- the desirability of the company maintaining a reputation for high standards of business conduct; and
- the need to act fairly with members of the company.

As sole purpose finance vehicle company within the Group, and in line with the duty to promote the success of the Company for the benefit of its shareholder, the Company must also have regard to the overall strategy of the Group. The Directors give careful consideration to the factors set out above in discharging their duties under Section 172. As part of the Group stakeholder engagement is carried out on a group wide basis to help the directors to understand the views of stakeholders.

The board considers any decisions from the perspective of the Company ensuring that decisions are taken with regard to the interests of stakeholders as well as having regard to the long-term sustainable success of the Group as a whole. The stakeholders we consider in this regard are our employees, the Alliance members (Bazalgette Tunnel Limited, Thames Water, Jacobs, the Programme Manager for the Project, the Main Works Contractors (more particularly described in the Bazalgette Tunnel Limited annual report) and Amey OWR Ltd, the System Integrator for the Project), the environment and our shareholders. The Board recognises that building strong relationships with our stakeholders will help us to deliver our strategy in line with the Group's long-term vision, purpose and values described in the Group annual report and operate the business in a sustainable way.

This Strategic report was approved by the board of Directors on 24 August 2023 and signed on its behalf by:

Celia Carlisle
Company Secretary
24 August 2023

Directors' report

The Directors present their report and the audited financial statements for year ended 31 March 2023. The registered company number is 09698014.

Results and dividend

During the year ended 31 March 2023 the Company reported a £0.5m loss (2022: £0.1m loss). The Company did not pay any dividends in the year (2022: £nil).

Directors

The Directors serving during the year, and thereafter, are as follows:

Andrew Cox

Christopher Morgan

Alistair Ray

Javier Falero (resigned 7th September 2022)

Valmai Barclay - Company Secretary (resigned 1 June 2023)

Celia Carlisle - Company Secretary (appointed 5 July 2022)

Directors' indemnities

Subject to the conditions set out in Section 234 of the Companies Act 2006, the Company has made qualifying third-party indemnity provisions for the benefit of its Directors, the Company Secretary and the General Counsel and these remain in force at the date of this report. The Bazalgette Holdings Group of which the Company is a subsidiary operates a director's and officer's insurance.

Going Concern

The financial statements have been prepared on a going concern basis which the Directors consider to be appropriate for the following reasons.

The Directors have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that, taking account of reasonably possible downsides, the company will have sufficient funds to meet its liabilities as they fall due for that period.

Those forecasts are dependent on the company's fellow subsidiary company, Bazalgette Tunnel Limited. Further the directors note that there is no reason to believe that Bazalgette Tunnel Limited cannot honour its commitments to Bazalgette Finance plc under its lending agreements. As with any company placing reliance on other group entities for financial support, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Therefore, it is considered to be appropriate to adopt the going concern basis in preparing the 31 March 2023 financial statements.

Employees

The Company has no employees (2022: none). Employees of Bazalgette Tunnel Limited carry out all the activities of the Company and there is no specific recharge to the Company.

Financial risk management

Credit risk, Liquidity risk and Inflation risk are considered to be the principal financial risks the Company is exposed to. Details and management of these risks can be found in the Strategic Report in the 'Principal risks and uncertainties' section.

Charitable and political contributions

The Company made no charitable donations during the year (2022: £nil). The Company made no political donations nor incurred any political expenditure during the year (2022: £nil).

Directors' report (*continued*)

Events occurring after the reporting period

No material events have occurred between the year-end date and the signing of these financial statements that would require the Company to adjust the financial statements or require disclosure in these financial statements.

Disclosure of information to auditor

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Auditors

The external auditor for the 2023 financial year was KPMG LLP. The Independent Auditors' Reporting starting on page 8 sets out the information contained in the financial statements which has been audited by the external auditor. In 2023 the Board of the parent company undertook an external audit tender and Pricewaterhouse Coopers LLP was proposed as the external auditor with the appointment to take effect from, and including, the 2024 financial year. Accordingly resolution to appoint Pricewaterhouse Coopers LLP as external auditor from 2024 will be approved following completion of the 2023 financial statements.

This Director's Report has been approved and is signed by order of the Board by:

Celia Carlisle
Company Secretary

Statement of Directors' responsibilities in respect of the Annual report, Strategic report, the Directors' report and the financial statements

The directors are responsible for preparing the Annual Report, Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK-adopted international accounting standards and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of its profit or loss for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable, relevant and reliable;
- state whether they have been prepared in accordance with UK-adopted international accounting standards;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Under applicable law and regulations, the directors are also responsible for preparing a Strategic Report and a Directors' Report that complies with that law and those regulations.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

This responsibility statement has been approved and is signed by order of the Board by:

Celia Carlisle
Company Secretary

Independent Auditor's Report to the members of Bazalgette Finance Plc

1 Our opinion is unmodified

We have audited the financial statements of Bazalgette Finance Plc ("the Company") for the year ended 31 March 2023 which comprise the Income Statement, Statement of Other Comprehensive Income, Statement of Financial Position, Statement of changes in Equity, Cash Flow Statement and the related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of Company's affairs as at 31 March 2023 and of its loss for the year then ended;
- have been properly prepared in accordance with UK-adopted international accounting standards; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

We were first appointed as auditor by the shareholders on 19 August 2015. The period of total uninterrupted engagement is for the eight financial years ended 31 March 2023. We have fulfilled our ethical responsibilities under, and we remain independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard as applied to public interest entities. No non-audit services prohibited by that standard were provided.

2 Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by us, including those which had the greatest effect on the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. We summarise below the key audit matters unchanged from 2022, in decreasing order of audit significance, in arriving at our audit opinion above, together with our key audit procedures to address those matters and, as required for public interest entities, our results from those procedures. These matters were addressed, and our results are based on procedures undertaken, in the context of, and solely for the purpose of, our audit of the financial statements as a whole, and in forming our opinion thereon, and consequently are incidental to that opinion, and we do not provide a separate opinion on these matters.

	The risk	Our response
Recoverability of intra-group receivables balances from Bazalgette Tunnel Limited ('subsidiary') (£2,014.7m; 2022: £1,585.3m) <i>Refer to financial statements note 1 (accounting policy) and note 6 (financial disclosures).</i>	Low risk, high value The carrying amount of the intra-group loan and receivables balance represents 99% of the Company's total assets. Its recoverability is not at a high risk of significant misstatement or subject to significant judgement. However, due to its materiality in the context of the Company's financial statements, this is considered to be the area that had the greatest effect on our overall Company audit.	We performed the test below rather than seeking to rely on any of the company's controls because the nature of the balance meant that detailed testing is inherently the most effective means of obtaining audit evidence. Our procedures included: Tests of detail: Assessing 100% of intra-group debtors to identify, with reference to the relevant debtor's draft balance sheet, whether they have a positive net asset value and therefore coverage of the debt owed. Assessing Bazalgette Tunnel Limited's ability to repay the receivable: Assessing the ability of Bazalgette Tunnel Limited to obtain funds and therefore the ability to fund the repayment of the receivable through reviewing Bazalgette Tunnel Limited's ability to generate returns through its licence agreement and considering sensitivity analysis on cost overruns on the regulatory capital value (RCV).

Our results

We consider the Company's assessment of the recoverability of intra-group receivables balance in the Company's balance sheet to be acceptable (2022: acceptable).

3 Our application of materiality and an overview of the scope of our audit

Materiality for the financial statements as a whole was set at £20.3m (2022: £11.2m), determined with reference to a benchmark of total assets, of which it represents 1% (2022: 0.7%). The benchmark has not changed from prior year.

In line with our audit methodology, our procedures on individual account balances and disclosures were performed to a lower threshold, performance materiality, so as to reduce to an acceptable level the risk that individually immaterial misstatements in individual account balances add up to a material amount across the financial statements as a whole. Performance materiality was set at 75% (2022: 75%) of materiality for the financial statements as a whole, which equates to £15.2m (2022: £8.25m). We applied this percentage in our determination of performance materiality because we did not identify any factors indicating an elevated level of risk.

We agreed to report to the Audit Committee any uncorrected identified misstatements exceeding £1m (2022: £0.55m), in addition to other identified misstatements that warranted reporting on qualitative grounds.

Our audit of the Company was undertaken to the materiality level specified above and was performed by a single audit team.

4 Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We used our knowledge of the Company, its industry, and the general economic environment to identify the inherent risks to its business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. The risks that we considered most likely to adversely affect the Company's available financial resources and/or metrics relevant to debt covenants over this period were:

- Maintaining liquidity position to meet its external financial obligations; and
- Reliance on support from Bazalgette Tunnel Limited in order to meet its external financial obligations

We considered whether these risks could plausibly affect the liquidity or covenant compliance in the going concern period by comparing severe, but plausible downside scenarios that could arise from these risks individually and collectively against the level of available financial resources and covenants indicated by the Company's financial forecasts.

- We considered whether the going concern disclosure in note 1 to the financial statements gives a full and accurate description of the directors' assessment of going concern. We assessed the completeness of the going concern disclosure.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for the going concern period; and
- we have nothing material to add or draw attention to in relation to the directors' statement in note 1 to the financial statements on the use of the going concern basis of accounting with no material uncertainties that

may cast significant doubt over the Company's use of that basis for the going concern period, and we found the going concern disclosure in note 1 to be acceptable.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Company will continue in operation.

5 Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors and inspection of policy documentation as to the Company's high-level policies and procedures to prevent and detect fraud, including the internal audit function, and the Company's channel for "whistleblowing", as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Reading Board minutes.
- Consider remuneration incentive schemes and performance targets for management

We communicated identified fraud risks throughout the audit team and remained alert to any indications of fraud throughout the audit.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that Company management may be in a position to make inappropriate accounting entries and the risk of bias in accounting estimates and judgements such as impairment assumptions.

We did not identify any additional fraud risks.

We performed procedures including:

- Identifying journal entries to test based on risk criteria and comparing the identified entries to supporting documentation. These included those posted by senior finance management and those posted to unusual accounts.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the directors and other management (as required by auditing standards) and discussed with the directors and other management the policies and procedures regarding compliance with laws and regulations.

We communicated identified laws and regulations throughout our team and remained alert to any indications of non-compliance throughout the audit.

The potential effect of these laws and regulations on the financial statements varies considerably.

Firstly, the Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies legislation), distributable profits legislation, taxation legislation, and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Secondly, the Company is subject to many other laws and regulations where the consequences of non-compliance could have a material effect on amounts or disclosures in the financial statements, for instance through the imposition of fines or litigation. We identified the following areas as those most likely to have such an effect: anti-bribery, regulatory capital and liquidity. Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the directors and other management and inspection of regulatory and legal correspondence, if any. Therefore, if a breach of operational regulations is not disclosed to us or evident from relevant correspondence, an audit will not detect that breach.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are

designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

6 We have nothing to report on the other information in the Annual Report

The directors are responsible for the other information presented in the Annual Report together with the financial statements. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Strategic report and directors' report

Based solely on our work on the other information:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

7 We have nothing to report on the other matters on which we are required to report by exception

Under the Companies Act 2006, we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

8 Respective responsibilities

Directors' responsibilities

As explained more fully in their statement set out on page 7, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

9 The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements

1 Accounting policies

Basis of preparation

Bazalgette Finance plc (“the Company”) is a private company domiciled in the UK. The Company's registered address is 6th Floor, Cottons Centre, Cottons Lane, London, SE1 2QG. The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

These financial statements were prepared in accordance with international accounting standards (IAS) in conformity with the requirements of the Companies Act 2006 (“Adopted IFRSs”). Where items are sufficiently significant by virtue of their size or nature, they are disclosed separately in the financial statements in order to aid the reader's understanding of the Company's financial position.

The Company's parent undertaking Bazalgette Holdings Limited includes the company in its consolidated financial statements. The consolidated financial statements of Bazalgette Holdings Limited are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained online at www.tideway.london or from the address disclosed in note 13.

Judgements and estimates

In the process of applying the Company's accounting policies to the financial statements, the Directors are required to make certain judgements, estimates and assumptions that it believes are reasonable based on the information available. The Directors do not believe there are any areas involving a high degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements.

Measurement convention

The financial statements are prepared in accordance with the historical cost accounting convention unless otherwise stated in the below accounting policies. The financial statements are presented in Pounds Sterling.

Going concern

Notwithstanding net liabilities of £0.9m as at 31 March 2023 and a loss for the year ended of £0.5m, the financial statements have been prepared on a going concern basis which the Directors consider to be appropriate for the following reasons.

The Directors have prepared cash flow forecasts for a period of 12 months from the date of approval of these financial statements which indicate that, taking account of reasonably possible downsides, the company will have sufficient funds to meet its liabilities as they fall due for that period.

Those forecasts are dependent on the company's fellow subsidiary company, Bazalgette Tunnel Limited. Further the directors note that there is no reason to believe that Bazalgette Tunnel Limited cannot honour its commitments to Bazalgette Finance plc under its lending agreements. As with any company placing reliance on other group entities for financial support, such support to include not to seek repayments of amounts currently due including interest payable, for at least the next twelve month from the date of approval of the financial statements, the Directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

Consequently, the Directors are confident that the company will have sufficient funds to continue to meet its liabilities as they fall due for at least 12 months from the date of approval of the financial statements and therefore have prepared the financial statements on a going concern basis.

New accounting standards and future changes

The Company has adopted the following accounting standard amendment during the financial year:

- Amendments to IAS 37- Onerous contracts (Cost of fulfilling a contract).

The above amendment did not have any material effect on the Company at adoption.

1 Accounting policies (continued)

At the date of authorisation of these financial statements, there were certain new or revised IFRS's that will be applicable in future years, but the Company does not expect any material impact on the Company's Financial Statements at future adoption. These new or revised IFRS's are noted below:

- Amendments to IAS 12 – Deferred tax related to Assets and Liabilities arising from a single transaction;
- Amendments to IAS 8 – Accounting policies, changes in accounting estimates and errors: Definition;
- Amendments to IAS 1 – Presentation of Financial Statements and IFRS Practice Statement 2 making materiality judgements; and
- Amendments to IAS 1 – Classification of Liabilities as Current or Non-current.
- IFRS 17 Insurance Contracts

Financial instruments

The Company determines the classification of financial instruments at initial recognition and re-evaluates this designation at each financial year end. The initial and subsequent measurement of financial instruments depends on their classification as follows:

Trade and other receivables:

Trade and other receivables that do not have a significant financing component are classified as amortised cost under IFRS 9; initially recognised at their transaction price, rather than at fair value. Subsequent to initial recognition they are measured at amortised cost and any expected credit loss impairments or reversals are recognised through profit or loss.

Trade and other receivables include intra-group loan receivables which represent the cumulative financing proceeds that have been on-lent to Bazalgette Tunnel Limited via back to back loans.

Trade and other payables:

Trade and other payables are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost.

Cash and cash equivalents:

Cash and cash equivalents comprise cash at bank and in hand balances and deposits with a maturity at acquisition of three months or less. Cash equivalents are readily convertible to a known amount of cash and subject to an insignificant risk of change in value.

Borrowings:

Borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, borrowings are stated at amortised cost. Any difference between the proceeds received (net of transaction costs) and the redemption value is recognised in the Income Statement over the period of the borrowings using the effective interest method.

Deferred purchase bonds:

No financial asset or liability is recorded on the initial issue date. The commitment for the bond proceeds to be received from the bond purchaser on the future settlement date is accounted for as a loan commitment. As a result, there is no Income Statement impact from any movements in the fair value between the initial issue date and the deferred settlement date.

Impairment

For non-financial assets, the Company reviews the individual carrying amount of those assets to determine whether there is any indication of impairment in those assets. If any such impairment exists, the recoverable amount of the asset is calculated in order to determine the extent of any impairment loss.

Financial assets under IFRS 9 are assessed under the forward looking 'expected loss model' at each reporting date to determine whether there are impairment losses.

Any impairment losses are recognised in the Income Statement.

1 Significant accounting policies (continued)

Taxation

Tax on the profit or loss for the year comprises the current tax charge or credit for the year. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse using tax rates enacted or substantively enacted at the reporting date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets and liabilities are disclosed net to the extent that they relate to taxes levied by the same tax authority and the Company has the right of set off.

2 Auditor's remuneration

The auditor's remuneration for the audit of these financial statements was £5,853 (2022: £5,700) and was borne wholly by Bazalgette Tunnel Limited.

3 Remuneration of Directors

The Directors of Bazalgette Finance plc did not receive any payments for their services during the year as they have not performed any qualifying services (2022: £nil).

4 Net finance costs

	2023 £m	2022 £m
Interest expense		
Interest on external borrowings	(20.2)	(13.1)
Intra-group interest	(0.6)	(0.1)
Other financial liabilities measured at amortised cost	<u>(146.9)</u>	<u>(59.3)</u>
	(167.7)	(72.5)
Interest income		
Intra-group interest	167.2	72.4
	<u> </u>	<u> </u>
Net finance costs	<u>(0.5)</u>	<u>(0.1)</u>

The Company has a back to back arrangement with Bazalgette Tunnel Limited whereby all third-party borrowings are replicated via loans to Bazalgette Tunnel Limited on identical economic terms, resulting in a neutral impact in the Income Statement. The net finance costs result of £0.5m at 31 March 2023 (2022: £0.1m) represents interest expense related to the £22.6m intra-group borrowing from Bazalgette Tunnel Limited (see note 12).

The increased interest expense on other financial liabilities measured at amortised cost during the year represents the accretion element of the Company's external index-linked borrowings which has increased significantly during the year.

5 Taxation

	2023 £m	2022 £m
Total current tax	-	-
Total Income Statement tax expense	-	-

The Company's effective tax rate for the year ended 31 March 2023 is 0% (2022: 0%) which is 19% equal to (2022: 19% lower than) the standard rate of corporation tax in the UK due to the items shown below.

Reconciliation of effective tax rate

	2023 £m	2022 £m
Loss before tax	(0.5)	(0.1)
Expected tax charge/credit using UK corporation tax rate of 19% (2022: 19%)	-	-
Total Income Statement tax expense	-	-

The Company did not have any unrecognised deferred tax assets as at the Statement of Financial Position date (2022: £nil).

Effective 1 April 2023, the main rate of UK corporation tax increased from 19% to 25%. The increase in corporation tax is not expected to have a material effect on the company.

6 Other receivables

	2023 £m	2022 £m
Intra-group loans (see note 12)	2,010.1	1,581.2
Interest receivable from intra-group companies (see note 12)	4.6	4.1
	2,014.7	1,585.3
Non-current assets	2,010.1	1,581.2
Current assets	4.6	4.1

Intra-group loans represent the proceeds from borrowings that have been passed onto the Company's sister company Bazalgette Tunnel Limited via back to back loans including accretion.

Interest receivable from intra-group companies represents the coupon interest on these loans payable by Bazalgette Tunnel Limited which has not yet been received. The coupon interest terms are identical to the interest terms on the Company's external borrowings.

7 Cash and cash equivalents

	2023 £m	2022 £m
Cash and bank balances	21.9	20.8
Cash and cash equivalents per cash flow statement	21.9	20.8

7 Cash and cash equivalents (continued)

Within the Company's cash balance it holds a Debt Service Reserve Account ("DSRA") to maintain committed liquidity facilities with regards to the prospective financing cost payments for a period of 12 months from the Statement of Financial Position date. The restricted cash value in the DSRA was £21.8m at 31 March 2023 (2022: £20.7m).

8 Other payables

	2023 £m	2022 £m
Accrued expenses	4.8	4.2
Intra-group borrowing (see note 12)	22.6	-
	<u>27.4</u>	<u>4.2</u>
Non-current liabilities	-	-
Current liabilities	<u>27.4</u>	<u>4.2</u>

Accrued expenses represent interest payable on outstanding borrowings.

9 Borrowings

The Company operates for the sole purpose of raising finance through a multi-currency bond platform on behalf of the Company's sister company, Bazalgette Tunnel Limited, for the purposes of Bazalgette Tunnel Limited's licenced activities as the infrastructure provider for the design and construction of the TTT project. The proceeds from bonds issued under this platform are on-lent to Bazalgette Tunnel Limited through a series of back to back loans which have the same economic terms and effectively pass the financing arrangements of the external debt held by the Company to Bazalgette Tunnel Limited. Some of the bonds issued by the Company are in a deferred format which means that the proceeds from the bond are not received from the bond purchaser until a future settlement date so as to align when funds are raised with the construction expenditure profile of the TTT project. This note provides information about the Company's borrowings, which are measured at amortised cost. Debt issue costs have been borne by Bazalgette Tunnel Limited.

	2023 £m	2022 £m
Third party borrowings		
£250m 2.375% fixed rate bond 2027	248.6	248.3
£75m 0.828% index-linked bond 2047 ^{a, b}	92.6	84.1
£200m 0.740% index-linked bond 2042 ^{a, c}	222.8	216.3
£100m 0.688% index-linked bond 2050 ^a	129.5	114.1
£100m 0.755% Index-linked bond 2051 ^a	125.8	110.8
£100m 0.249% index-linked bond 2040 ^{a, d}	126.6	111.9
£125m 0.192% Index-linked bond 2049 ^{a, e}	167.0	147.0
£25m 1.035% index-linked bond 2048 ^{a, f}	30.8	27.2
£25m 0.951% index-linked bond 2054 ^{a, g}	30.8	27.2
£50m 0.787% index-linked bond 2052 ^{a, h}	61.9	54.5
£25m 1.042% index-linked bond 2048 ^{a, i}	30.2	26.6
£25m 0.954% index-linked bond 2054 ^a	30.2	26.6
£75m 0.010% index linked bond 2036 ^{a, j}	97.9	87.9
£300m 2.750% index linked bonds 2034 ^{a, k}	298.8	298.7
£150m 0.010% Index linked bond 2032 ^{a, d}	170.1	-
£75m 0.949% Index linked bond 2052 ^{a, n}	81.8	-
£50m 0.074% index linked bond 2049 ^{a, d, o}	64.7	-
	<u>2,010.1</u>	<u>1,581.2</u>
Intra-group borrowings		
Floating rate loan from Bazalgette Tunnel Limited (see note 12)	-	21.1
	<u>2,010.1</u>	<u>1,602.3</u>
Total borrowings	<u>2,010.1</u>	<u>1,602.3</u>

9 Borrowings (continued)

Current liabilities

Non-current liabilities	2,010.1	1,602.3
	<u> </u>	<u> </u>

- a) The value of the capital and interest elements of these index-linked bonds are linked to movements in either the Consumer Price Index (CPI) or Retail Price Index (RPI)
- b) This debt amortises (requires repayment of debt accretion) from 2038.
- c) This debt amortises from 2033 and contains a collar mechanism that limits total accretion repayment within a predetermined range.
- d) This debt amortises from 2036
- e) This debt amortises from 2045
- f) This debt amortises from 2043
- g) This debt amortises from 2049
- h) This debt amortises from 2049
- i) This debt amortises from 2050
- j) This debt amortises from 2036
- k) This debt amortises from 2034

Deferred purchase bonds

During the previous financial year ending 31 March 2022, the Company placed and received £300.0m of purchase bonds with no deferral period. No further bond issuances were placed during the year ended 31 March 2023. In total, the Company has issued £1.8bn (2022: £1.5bn) of deferred bonds to a range of investors. Bond proceeds of £283.2m (2022: £125.0m) were drawn down during the period and a further £66.0m (2022: £325.0m) will be drawn down within the next six months of this year end and these bonds have maturities of 2049.

The carrying values of the financial assets and liabilities of the Company are as follows:

Financial assets

	2023 £m	2022 £m
Other receivables	2,014.7	1,585.3
Cash and cash equivalents	21.9	20.8
	<u> </u>	<u> </u>
	<u>2,036.6</u>	<u>1,606.1</u>

Other receivables above exclude prepayments and are classified and measured at amortised cost under IFRS 9. Impairment of these assets as assessed under the 12-months expected credit loss model was immaterial and therefore not recognised within the period.

Financial liabilities

	2023 £m	2022 £m
Other payables	27.4	4.1
Borrowings	2,010.1	1,602.3
	<u> </u>	<u> </u>
	<u>2,037.5</u>	<u>1,606.4</u>

10 Financial Instruments (continued)

Fair value measurements

The Fair value of financial instruments represents the price that would be received to sell an asset or paid to transfer a liability between informed and willing parties, other than in a forced or liquidation sale at the measurement date.

The fair values of financial instruments and a comparison to their carrying value is shown in the subsequent table. The Company has not disclosed the fair values for cash and cash equivalents, short-term deposits, trade receivables and trade payables as their carrying amounts are a reasonable approximation of the fair value.

	31 March 2023 Book value £m	31 March 2023 Fair value £m	31 March 2022 Book value £m	31 March 2022 Fair value £m
Financial liabilities at amortised cost				
Non-current				
Borrowings - bonds	2,010.1	1,732.2	1,581.2	2,006.0
Borrowings - loans	22.6	22.5	21.1	21.0
	<hr/>	<hr/>	<hr/>	<hr/>
Total	2,032.7	1,754.7	1,602.3	2,027.0
	<hr/> <hr/>	<hr/> <hr/>	<hr/> <hr/>	<hr/> <hr/>

Financial liabilities at amortised cost

The fair value of borrowings is determined using observable quoted market prices where this is available or by discounting the expected future cashflows using appropriate available market data and a credit risk adjustment representative of the Company.

Capital risk management

The Company manages capital in line with the overall Group's objectives which are:

- To finance Bazalgette Tunnel Limited while minimising risk. The Company will adopt a low risk financing strategy and will maintain at all times a robust investment grade credit rating;
- Minimise financing risk through pre-funding, management of maturities and interest rate risk;
- Financing will be a mix of some or all of commercial bank debt, bonds (public and private), EIB loans, lease financing and other instruments. Financing could be raised on a real and/or nominal basis;
- The Group's weighted average cost of capital will be minimised by reducing risk, including interest rate, inflation, credit spread, maturity risk, liquidity and currency risk;
- Hedging and pre-financing may be used to reduce risk. The Group will not engage in speculative treasury activity; and
- The Group will manage its financing activities in compliance with the constraints imposed by the Government Support Package, financing documents and the Licence.

The Company seeks to maintain a low risk financing position by preserving its investment grade corporate family credit rating of Baa1(Moody's). The credit rating was unchanged in the year with Moody's maintaining a stable outlook.

10 Financial Instruments (continued)

Management of financial risk

The Treasury team, which reports directly to the CFO, substantially manages the financing, including debt, cash management and interest costs for the Company on a day to day basis. The Audit & Finance Committee which includes the Directors of the Company, meets periodically to review and report on treasury policy, treasury strategies and financing strategy. The Company also has an executive level Funding and Financing Committee, chaired by the CFO, which considers financial, treasury, compliance, tax and regulatory matters in detail on a monthly basis.

The Company's funding to date has been achieved with a mix of indexed and fixed rates to appropriately address the risks in Bazalgette Tunnel Limited.

The Company's management of specific financial risks is dealt with as follows:

Liquidity risk

Details of the nature and management of the Company's liquidity risk is provided in the Strategic report.

The table below analyses the Company's interest-bearing borrowings into relevant maturity groupings based on the remaining period at the Statement of Financial position date. The amounts disclosed in the table on the following page are the contractual undiscounted cash flows including interest payable.

	2023 £m	2022 £m
Within one year	(21.8)	(20.4)
Between one and two years	(22.1)	(20.7)
Between two and five years	(317.7)	(84.5)
After more than 5 years	(2,871.0)	(2,617.6)
Total	(3,232.6)	(2,743.2)

Credit risk

Details of the nature and management of the Company's credit risk is provided in the Strategic report.

The Company's maximum exposure to credit risk is the carrying amount of financial assets and therefore the maximum exposure at 31 March 2023 was £2,036.6m (2022: £1,606.1m). Analysis of this amount can be found in the financial assets section of this note.

As these assets relate largely to intra-group debt owed by a regulated water company which is characterised by stable and predictable cash flows and which has significant liquidity, the credit risk is considered low.

Market risk - Inflation risk

Details of the nature and management of the Company's inflation risk is provided in the Strategic report.

As the Company's borrowings are on-lent to Bazalgette Tunnel Limited on identical economic terms, the Company is itself not sensitive to fluctuations in inflation, as any increase in interest costs is offset by interest income on the back to back loans.

11 Called-up share capital

Allotted, called-up and fully paid ordinary shares of £1 each	Ordinary shares 2023 No.	Ordinary shares 2022 No.
At the beginning and end of year	50,000	50,000

Each share ranks equally for voting purposes for any dividend declared and distribution rights on a winding up.

12 Related party transactions

The Company was established for the sole purpose of raising finance on behalf of the Company's sister company, Bazalgette Tunnel Limited, for the purposes of Bazalgette Tunnel Limited's licenced activities and functions as the infrastructure provider for the design and construction of the Thames Tideway Tunnel. Loans receivable from related parties represent cumulative financing proceeds that have been lent to Bazalgette Tunnel Limited.

Amounts outstanding on loans made to Bazalgette Tunnel Limited are £2,010.1m (2022: £1,581.2m) and interest outstanding of £4.6m (2022: £4.1m).

During the year ended 31 March 2023, the Company received £20.9m (2022: £11.5m) of interest income from Bazalgette Tunnel Limited with regards to interest payments under the back to back loans.

Amounts outstanding on borrowings with Bazalgette Tunnel Limited are £22.6m (2022: £21.1m). The loan carries a floating charge based on 6 month SONIA plus 78bp and a maturity of 2024. Interest payable on the loan at 31 March 2023 totalled £nil (2022: £nil).

Key management personnel

Key management personnel comprise the Directors of the Company. The remuneration of the Directors is disclosed in note 3.

13 Immediate and ultimate parent company of a larger group

The Company is a wholly owned subsidiary of Bazalgette Holdings Limited (incorporated in the United Kingdom) which has its registered office address at 6th Floor, Cottons Centre, Cottons Lane, London SE1 2QG.

The Directors consider Bazalgette Equity Limited, (incorporated in the United Kingdom) to be the ultimate parent company. The smallest group in which the Company is incorporated is Bazalgette Holdings Limited. The largest group in which the results of the Company are consolidated is that headed by Bazalgette Equity Limited. No other group financial statements include the results of the Company.

Copies of consolidated financial statements of Bazalgette Equity Limited can be obtained at www.tideway.london.
